# Introduction

### Welcome to BillQuick<sup>®</sup> Outlook Add-In from **BQE Software**!

BillQuick Outlook Add-In is a BillQuick module embedded into Microsoft Outlook. It converts your Microsoft Outlook appointments, tasks, and emails into time records, thus quickly completing your Time Card. The time entry is immediately available for review, reporting and billing. Outlook Add-In eliminates duplicate entry, saving time and effort tracking accurate and complete hours. It comes with a Smart Match feature that intelligently matches your Outlook entries to the BillQuick field data based on the past patterns. It is all done in real time, right from your Outlook program...simple, quick, and easy!!!

The goal of this **BillQuick Outlook Add-In Getting Started Guide** is to help you get started and become comfortable interacting with the Outlook Add-In program. It explains the concepts and procedures involved in setting up of Outlook Add-In, focusing on its installation, activation, registration, basic and main functionalities such as converting appointments and tasks into BillQuick data. Thus, this Guide enables you to quickly educate yourself on how to run and utilize Outlook Add-In effectively and efficiently. It also explains some troubleshooting issues at the end, highlighting your most often encountered problems or queries.

BillQuick Outlook Add-In Getting Started Guide is not a complete training solution. It is a guided tour designed to set up and familiarize you with Outlook Add-In. After completing the guide, we recommend that you explore the **BillQuick Outlook Add-In Help**. Based on your preferred learning style and available time, you can choose self-learning or guided learning. Guided learning utilizes role-based and custom training courses. *Check out Services for more*.

# **System Requirements**

For successful installation and implementation of your Outlook Add-In software, be sure your computer systems meet or exceed the requirements mentioned below.

# **Hardware Requirements**

Each personal computer on which BillQuick Outlook Add-In will be installed should meet or exceed the following requirements:

- 2.0 GHz Intel Pentium IV-class processor or faster
- 2 GB RAM
- 500 MB free hard disk space
- 1024 x 768 resolution or more

Be sure your network server contains sufficient memory and other resources for efficient, high speed operation.

## **Software Requirements**

Here are the operating system and other software requirements for BillQuick Outlook Add-In.

#### **Operating System Requirements**

Windows 8, Windows 7, Windows Vista, Windows XP

Be sure to install the latest Windows service packs and critical updates. Check the Microsoft website for the latest updates to Windows, .Net Framework, and Data Access Components. Some versions of Windows include an automatic update option.

#### **Other System Requirements**

- Outlook 2013 or Outlook 2010 (32-bit or 64-bit) or above with latest service packs
- BillQuick 2015 (Lite, Basic, Pro or Enterprise) edition
- Microsoft .NET Framework 4.0 or later (automatically installed with BillQuick)
- Microsoft Data Access Components 2.8 or later (automatically installed with BillQuick)
- Microsoft Windows Installer 3.1 or later (typically installed or updated with Windows

# Installation

Basic start-up procedures for BillQuick Outlook Add-In involve a few quick steps:

- 1. Install Outlook Add-In
- 2. Connect to BillQuick database
- 3. Activate and register Outlook Add-In

Before installing the software, please read the End User License Agreement (EULA).

# **Installing on a Computer System**

Outlook Add-In can be installed on a single-user system or a networking environment. It also operates in a network environment, both peer-to-peer networks and ones with network servers. In either scenario the database will be located in a folder on a personal computer or shared drive.

If you prefer to download a copy of Outlook Add-In, go to <u>www.BillQuick.com</u> and follow the steps.

The downloaded copy of BillQuick Outlook Add-In is in a Zip format. You will need a Zip archiving or extraction program such as WinZip. If you do not have such a Zip program, please obtain one from a shareware website or a software store.

Follow the steps below to install Outlook Add-In on a personal computer:

- 1. If you have downloaded BillQuick Outlook Add-In, navigate to the folder where you placed the extracted files. Double-click Setup.exe.
- 2. When the first BillQuick Outlook Add-In installation screen appears, read the information and follow the instructions on each window.
- 3. Specify the installation folder for Outlook Add-In by clicking Browse. Else accept the default location. Click Next.

#### Installation

4. After the installation begins, a progress bar displays. When the Installation Complete screen appears, click Close.

## **Installing in a Network Environment**

In a network environment, you will bring other users into the setup. Outlook Add-In software will be installed on the computer of each person who needs to access it. With the above steps complete on each personal computer, you will:

- 1. Install Outlook Add-In (see above).
- 2. Connect to the desired BillQuick database in a shared folder.
- 3. Register the computer with the BillQuick database.

BillQuick Outlook Add-In also works in other network scenarios. Contact BillQuick Support for more information (310-602-4030).

## **Peer-to-Peer Network Environment**

To install on a peer-to-peer network:

1. On the computer used by your primary Outlook Add-In user (BillQuick Supervisor), complete the steps for installing Outlook Add-In (*see above*), connecting to a BillQuick database (*see BillQuick Database below*), and activating Outlook Add-In.

BillQuick Outlook Add-In automatically connects to the database that was last opened by BillQuick program on the computer.

- 2. Install Outlook Add-In on the first computer from which you want a user to access it (*follow the steps above*).
- 3. Make sure the desired BillQuick database is in a shared folder and has been last opened by your BillQuick program.
- 4. Start BillQuick Outlook Add-In via Microsoft Outlook program.
- 5. On login, Outlook Add-In connects to the shared BillQuick database.
- Next, Product Activation screen displays wherein you can enter the license and registration keys from the email you received from BQE Software. You can also cutpaste the keys, if desired. Click OK when you have finished.
- 7. Repeat these steps for each computer from which users will access BillQuick Outlook Add-In.

The Product Activation screen provides various activation options. Read more about Product Activation later.

## **Network Server Environment**

To install BillQuick Outlook Add-In in a network server environment, you can:

- 1. Install BillQuick Outlook Add-In, connect to the BillQuick database, and register the computer (*follow the same steps as for Peer-to-Peer Network above*).
- 2. Utilize Active Directory Services on a domain network. With this capability, you can 'push' BillQuick Outlook Add-In to the workstations.

For more information, see the BillQuick Knowledge Base article, 'How to Install BillQuick on Workstations using Active Directory Services' (<u>KB article</u>).

# **Upgrading from a Previous Version**

Before you begin the upgrade process, you must download and install BillQuick 2015 and the latest 2015 version of BillQuick Outlook Add-In.

The BillQuick Outlook Add-In 2015 program installs separately from your current version (2013 or below). It is recommended to uninstall or disable any prior versions of this add-in. If you want to uninstall it, do so from Control Panel, Add/Remove Programs.

Please follow the steps below to upgrade to BillQuick Outlook Add-In 2015:

- 1. Download the latest version of the BillQuick Outlook Add-In 2015 from the Support Downloads section of our <u>website</u>. It is the first file listed there and includes all previous service packs and updates. *Make sure you select the correct version depending on whether you have 32- or 64-bit Microsoft Office.*
- 2. Copy the setup program to the desktop of each workstation that will use BillQuick Outlook Add-In and run the installer.
- 3. When the BillQuick Outlook Add-In installation screen appears, read the information and follow the instructions on each screen by clicking Next.
- 4. BillQuick Outlook Add-In will appear in the Add-Ins menu the next time you open Microsoft Outlook. Upon accessing it for the first time, the Product Activation screen appears. Click the *Already Purchased* option and verify your Company Name.
- Enter both the License Key and Registration Key that were emailed to you. *The keys are created based on your Company Name*; so if you change the name here, you may need a different set of keys to be created and sent. *Please contact BQE Sales at <u>sales@bge.com</u> or (310) 602-4020.*

If you are experiencing problems while upgrading from a previous version of BillQuick Outlook Add-In to 2015, please check the <u>Knowledge Base Articles</u> for troubleshooting and technical issues. Else, contact us at (310) 602-4030 or <u>support@bge.com</u>.

In order to get BillQuick Outlook Add-In into the running mode please follow the steps below. At this point BillQuick Outlook Add-In should already be installed on your computer.

# **Connecting to BillQuick Database**

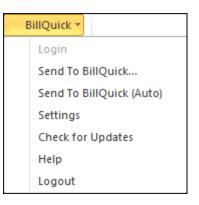

The functionality of BillQuick Outlook Add-In depends on the BillQuick program database and hence you need to connect to it. BillQuick should be installed on the same system as your BillQuick Outlook Add-In.

To connect Outlook Add-In to a BillQuick database:

- 1. Open your BillQuick program.
- 2. Select the desired BillQuick Company database with which you want to connect BillQuick Outlook Add-In.
- 3. You may log into BillQuick with a User ID and Password or close it.

If you are using a SQL Server database for BillQuick, you will have to enter Server Name, Supervisor Password, and select the database from the drop-down.

- 4. Start the Microsoft Outlook program. You will find BillQuick Outlook Add-In embedded on its menu bar.
- 5. Next, you can log in. After doing so, you will be prompted to activate the product.

# **Activating Product**

After installing Outlook Add-In, you will be prompted by the Product Activation screen. The screen provides four options.

Product Activation
PRODUCT ACTIVATION You have 6 days left to activate BillQuick Outlook AddIn 2015 Ent. After Activation, you will get 15 additional days to try the product. For more information click the Help(?) button.

You can run the evaluation software and licensed software together.

## **Licensing and Registering**

BQE Software offers various options for licensing and registering your copy of Outlook Add-In. You can use the Product Activation screen or Product Licensing and User Management console (in BillQuick) to do so. Follow these steps to proceed:

- 1. When you are ready to purchase BillQuick Outlook Add-In, click 'I Am Ready to Buy' on the Product Activation screen and purchase your software license from the BillQuick website. Alternatively, you can call BQE Software at (310) 602-4020 and speak with a BillQuick Account Rep.
- 2. After purchasing the license, click 'Already Purchased' option. It asks for your exact company name and license and registration keys.
- 3. Using the email you received, you would enter or cut-paste your company name (if you want to make a change, contact your BillQuick Account Rep) and keys.
- 4. Click Register. Outlook Add-In is now licensed for unlimited use.
- 5. In a networked environment, the Supervisor needs to repeat the same procedure on each computer.

Alternatively, you can license your software using BillQuick Product Licensing and User Management screen > Licenses tab. In addition, on the Users tab, you can assign Outlook Add-In users (employees and vendors).

# **Outlook Add-In Basics**

This section focuses on the basics of the BillQuick Outlook Add-In environment. It covers:

- Starting-up Outlook Add-In
- Logging into Outlook Add-In
- Navigating Outlook Add-In

# **Starting Up**

You can access BillQuick Outlook Add-In directly from your Outlook program. The functionality of BillQuick Outlook Add-In depends on the BillQuick program database. If you have previously worked with BillQuick Outlook Add-In on your computer, it will remember the previous settings. *You can skip to Log-in below*.

Else, you need to connect to the BillQuick database. After you have successfully established connection and security is turned on, you will be prompted for a login.

# Logging In

You can log in and connect to the BillQuick database from your Microsoft Outlook program. Enter a User ID and Password. Your BillQuick manager or supervisor will provide you with an ID and password. For now, use these defaults:

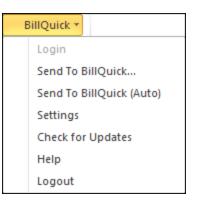

User ID: supervisor	BillQuick Login Check for Updates C:\Program Files (x86)\BillQuick2015\Sample_Datafile2015.mdb User ID : Password : Remember	
Password: supervisor	C:\Program Files (x86)\BillQuick2015\Sample_Datafile20	
	User ID :	
	Password :	
	Remember Cancel	ок

# Navigating

After installation, the BillQuick Outlook Add-In module is embedded into your Microsoft Outlook program. You can access its functions using the main menu bar.

### Menu Bar

BillQuick Outlook Add-In functions are available from the BillQuick menu embedded in the menu bar of Microsoft Outlook (also in its Add-ins menu).

You can also access the BillQuick Outlook Add-In options via the shortcut menu in Microsoft Outlook.

If you use Microsoft Outlook to keep track of your appointments, tasks, contacts and emails, then BillQuick Outlook Add-In can easily convert this data into BillQuick time and other master information.

You can specify your preferences in the BillQuick-Outlook Add-In Settings screen (accessed from the BillQuick menu).

When sending Client Contacts, it prompts you to select a Client with whom you wish to associate the client contact information.

4. If a contact with the same name, company or phone number exists in BillQuick, Outlook Add-In prompts you with the Smart Match screen, where you can make your selections for transfer of contact data.

Outlook Add-In also allows you to can get employee, client, client contact and vendor data as Contacts from BillQuick into Outlook. You can choose these options on the BillQuick menu, Get Contacts. *For more information, check the Outlook Add-In 2015Help*.

# **Sending Emails**

Messages from the Microsoft Outlook Inbox and Sent folders can be sent to BillQuick just like appointments and tasks to record time spent on reading and writing emails. Existing as well as new email messages can be converted to BillQuick time entries.

- 1. In Microsoft Outlook program, select Mail.
- 2. Right-click on the email that you want to send.
- 3. To review the mail, open it from the Home menu or shortcut menu. If you want to compile a new message, click New on the menu bar and compile a new email.
- 4. On the Message window, review the Subject of the email as it gets transferred as time entry description.
- 5. You have various options to send the email to BillQuick.
  - From the BillQuick menu select 'Send to BillQuick' option.
  - You can also access this option by directly right-clicking the email message in the Inbox or Sent Items list.
  - In case of a new email, click on the 'Send and Log' option in the BillQuick menu. It allows you to send the email to the recipient while logging that time in BillQuick.
- 6. In the 'Send Mail to BillQuick' screen, review or edit the relevant information like Start and End time, Duration, Project, Employee and Activity.
  - If you prefer to map the description of the Activity selected here to the Time Entry description instead of the Subject line, check that option in the Settings screen.
  - If you prefer to specify a different default time entry Duration for reading and writing emails, change it in the Settings screen. For example, instead of 0.25 Hours (15 minutes) you may want it to default to 10 minutes.
